Purpose of Report

1.1 This report contains details of the funding approved by Cabinet on 19 March 2025, for the 2025/26 financial year for this CAF from three funding schemes:

- Housing Capital Scheme
- Environmental Capital Scheme
- Local Neighbourhoods Scheme

1.1.1 This report also contains details of the current funding position for each ward.

1.1.2 This report contains split options for the Housing Capital scheme (HCS).

1.1.3 This report contains details of applications to be considered.

Background Information

2.1 The approved CAF budget for 26/27 is £1,050M.

2.2 Funding split for this CAF is shown below:

Funding Scheme	Allocation to CAF's (£)
Environmental Capital Funding	83,333
Housing Capital Funding	77,717
Local Neighbourhoods Scheme	25,000
Total CAF Allocation	186,050

2.3 In accordance with the Council constitution the Housing Capital Scheme must be used to support investment that benefits local authority dwellings. While £77,717 has been approved, members are asked to decide how this is split by number of Council houses or an equal split. Figures are on the table below:

Ward	No Council Houses	Split by Council Houses	Equal Split
Biddick & All Saints	1,687	43,062	25,906
Cleadon & East Boldon	38	985	25,906
Whiteleas	1,319	33,670	25,906
Total	3,045	77,717	77,717

2.4 The Environmental Capital Scheme can be used for wider environmental improvements, such as verge hardening, highways resurfacing etc. **Each ward has been allocated £27,778.**

2.5 The Local Neighbourhoods Scheme can be used for smaller environmental projects, which are not eligible for capital schemes. These projects are typically small-scale environmental improvements such as grass-cutting, weed treatment, managing shrubs, bulb-planting, or fence painting. This Scheme also has a provision for funding to eligible external organisations and community groups. **Each ward has been allocated £8,333.**

2.6 The Leadership fund will continue to support small scale locally important projects which contribute to the Councils core ambitions, typically where the project supports residents across the whole borough. Where such a project is identified an appraisal will be made using the LNS operating procedure, with a recommendation to leadership by the Director of Business and Resources or the Director of Governance and Corporate Affairs. **The Leadership fund will be £5,000 the same as 2025/2026.**
